

# THE BLAIRMORE ENTERPRISE

VOL. XXV, NO. 22.

THE BLAIRMORE ENTERPRISE THURSDAY, MAY 31, 1934.

\$2.00 PER ANNUM

## COLE'S BELLEVUE

Thurs., Fri., Sat., May 31, June 1, 2

### "Dancing Lady"

With JOAN CRAWFORD CLARK GABLE, FRED ASTAIRE, WINNIE LIGHTNER, FRANCHOT TONE and MAY ROBSON

It's a musical romance with an honest to goodness story. It's got pop, lavishness and a cast of rankling stars.

News - Comedy, "Twin Screws" Autographed photo of Joan Crawford will be given with every last ticket.

Saturday Matinee 2 p.m. Two Shows Sat. 7:30 and 9:30 p.m.

MON. and TUES. June 4th - 5th BARGAIN NIGHTS Admission 25c and 10c

### 'POLICE CAR 17'

With TIM MCCOY and EVELYN KNAPP.

Serial—Buck Jones in "Gordon of Ghost City" Comedy, "Mickey's Covered Wagon" Single Reel—Caricatures

WED. and THUR., June 6th - 7th NOEL COWARD'S

### 'Design for Living'

With Frederick MARSH - Gary COOPER - Miriam HOPKINS - EDWARD EVERETT HORTON

Ultra smart, sophisticated. Adapted from the brilliant stage success of Alfred Lunt and Lynn Fontaine, of the New York theatre guild.

Added Attractions Comedy and Novelty Reel

FRI. and SAT., June 8th - 9th

### 'Going Hollywood'

With MARG DAVIES and BING CROSBY

## PYTHIAN HEAD VISITS PASS

Ira E. Clarke, assistant supreme keeper of records and seals for the Knight of Pythias, arrived here from Minneapolis on Sunday night, and after visiting members of the order and ex-members in all the Pass towns addressed a mass meeting of Pythians and Sisters in the Hillcrest hall last night. A sumptuous luncheon was served, following a meeting of Turtle Mountain Lodge, followed by a very able and interesting address by Mr. Clarke. Mr. Clarke will address a joint meeting of Fernie and Michel members at Michel tonight, and will be accompanied west by a number of members from Turtle Mountain, Livingstone and Sentinel lodges. Tomorrow night he will visit the Fernie lodge and Saturday at Kimberley. We understand that a number from this district will also accompany him to Kimberley, to return Sunday.

## HILLCREST ORCHESTRA

FINE PERFORMANCE Hillcrest String Orchestra received one of the best adjudications in the Lethbridge festival for their delightful performance on Wednesday evening. The members of the group are:

Mr. Moser, conductor; Dennis McLafferty, Sandy Ferguson, Catherine Rose, Sylvia Evans, Helen Rose, Sam Richards, first violin; Dolly Evans, George Kerr, Lawrence Fisher, Rudolph D'Amico, John Pietraszk, second violin; Jean Cruickshank, Roy Upton, Evan Gushul, Beth Moores, Fred Blanche, violas; Isabel Westrup, pianist; J. E. Upton, cello; F. A. Beebe, W. H. Stobbs, bass viola.

## PASS ARTISTS WIN HIGH HONORS AT LETHBRIDGE

Musicians of the Crows' Nest Pass contributed a large share towards the competitions at the recent musical festival at Lethbridge. Among those successful we have noted the following:

Willie Royle, Blairmore, first in primary violin with 166 marks; Lawrence Fisher, of Hillcrest, third in junior violin with 172. Adjudicator's comment: "Fisher had a pleasant tone and rhythmic swing, the ending full of expression." Frank McLafferty, of Bellevue, second in preliminary violin with 175; Georgette Dau, of Frank, first in primary piano with 179; Lorna Hales, of Blairmore, second in junior piano with 179; Freda Antrobus, of Coleman, third with 177; Eileen Richards, of Hillcrest, first in contralto under 19 with 57; Hillcrest string orchestra, first with 90; Jean Cruickshank, of Hillcrest, first in senior piano with 182. Adjudicator's comment: "Miss Cruickshank had a splendid energy, animation and fluency, absolute steadiness and a splendid spirit, melody playing excellent, pedals well and plays with freedom of expression and perfect taste." Hillcrest school orchestra, second with 86; George Kerr, of Blairmore, second in intermediate violin with 173; John Pietraszk, of Coleman, third with 172. Comment: "Kerr gave a sympathetic performance and had good technique. Verdun Leigh, of Calgary, first in open piano; Winona Taylor, of Coleman, first in mezzo soprano; Coleman-Michel Sunday school orchestra, first with 85; Edith Wise and Beatrice Trono, of Calgary and Blairmore, first in two piano with 92.

Referring to the work of the Hillcrest orchestra, which travelled 100 miles to the festival, the adjudicator, Dr. Hall, remarked: "They are worth going 400 miles to hear; they are tip-top—an object lesson to many a larger town; they have a splendid conductor in Mr. W. H. Moser, are well in time and have quite a sensitive tone; it was a very commendable work." Special awards included: Georgette Dau, the Patrick shield; Jean Cruickshank, the Edmonton Musicians' Association shield.

## INTER-SCHOOL TRACK MEET

Excellent weather favored the annual interscholastic field and track meet, held this year at the Blairmore athletic stadium. Children were in attendance from Pincher Creek, Cowley, Lundbreck, Bellevue, Hillcrest, Frank, Blairmore and Coleman. New records were made in the 12-pound shot put for boys under eighteen, and the baseball throw for girls under eighteen. Bellevue school won the highest aggregate marks of the meet, with Coleman second, Hillcrest third, Pincher Creek fourth, Blairmore fifth, Frank sixth and Cowley seventh.

Outstanding athletes of the meet and who gained the most points were: Boys, Albert Marschall, Bellevue; Thomas Scott, Pincher Creek; Milo Fournier, Pincher Creek; Sam Richards, Hillcrest; and Sam Radford, Bellevue; girls: Olga Terlicki, Hillcrest; Mary Snyder, Coleman; Bonny Melnia, Bellevue; Dorothy Costick, Bellevue, and Francis Costick, Bellevue. Individual winners of each event and the total number of points scored by each school will be given out by the secretary within the next few days.

Grant Hall's special train passed west through Blairmore on Monday evening. The C.P.R. vice-president was accompanied by D. C. Coleman, vice-president of the company's western lines, Winnipeg, E. D. Cotterell, general superintendent of the Alberta district, Calgary; W. H. Ruthven, superintendent of the Lethbridge division, and others.

## STRIKE AT MICHEL SETTLED

Fernie, B.C., May 28.—The Michel strike is over. At a meeting last evening, the Michel miners definitely repudiated all connection with the Mine Workers' Union of Canada, and decided to return to work Monday morning on the old terms.

Negotiations were started Wednesday, the day after the strike was called, by a group representing English speaking workers, who declared that they preferred to handle their own affairs, as the old organization, the B.C. Miners' Association, was declared to be non-existent because of the breaking of the 'r agreement through calling the strike. A new organization was formed, to be known as the Michel Miners' Association, and an agreement was signed with the company.

As a later development, more of the workers wished to be included, and it was deemed advisable to reinstate the old officers of the B.C. Miners' Association. This was done last night, and the affiliation with the Mine Workers' Union of Canada was cancelled. Barney Causfield, superintendent at Coal Creek, has taken over that job at Michel, succeeding Robert Bonar, resigned.

May 28.—Regular shifts entered the mine today and are understood to have accepted the former existing terms.

## STOKALUK ISSUES STATEMENT

John Stokalak, district secretary of the Mine Workers' Union of Canada, gave out the following statement in Blairmore Tuesday afternoon on the strike settlement of the Michel miners.

He denied vigorously that the strike was called for the purpose of having the company recognize the Mine Workers' Union of Canada. He stated that Harvey Murphy was busy trying to organize the Michel miners into the Mine Workers' Union when the strike broke out and owing to the dissonance among some of the miners against the Mine Workers' Union, the public was led to believe that the question of union recognition was the main point in dispute with the coal company. The miners went on strike to have a more equal division of work, he stated, and last Monday the company agreed to divide the work more equally among its employees, and the miners now unemployed will be taken back to work when their services are needed according to their seniority rating.

Regarding the union, Stokalak stated that the coal company are dealing with the B.C. Miners' Association, but Murphy was successful in his efforts to have this union affiliate with the Mine Workers' Union of Canada. Individual orders were signed by members of the B.C. Miners' Association authorizing the coal company to deduct the union dues from their wages.

The company agreed to meet pit committees who would bring grievances before the management regarding the working conditions within the mine. Stokalak stated that he and Murphy were proceeding to Fernie and they would hold a mass meeting there Wednesday night, and he expected to have the miners' union there affiliated with the Mine Workers' Union of Canada very shortly.

Brigadier-General H. H. Matthews, officer commanding Military District 13, and Major Harcourt, D.E.O., of the same district staff, paid an official visit to the camps at Frank, Coleman and Crows' Nest during the week.

Four Indians, brothers, have been arrested near Merritt, B.C. charged with the murder of provincial police Constable Percy Carr and Indian department constable Frank Gaborine. The body of Gaborine was recovered from the river, with the head beaten to a pulp.

## ROBBED OF FORTUNE

G. J. Drobej, general manager of the Universal Travel Agency, of Vancouver, is a Fernie visitor today and registered, at the Waldorf. Mr. Drobej, who is well known in Fernie, having been here many times in connection with his business of selling transportation to those wishing to return to Europe, tells a strange and pathetic story of our former townsman, Frank Benuik, who for thirty-five years worked at the slack bins for the Crows' Nest Pass Coal Co.

About a year ago Frank decided that having made a stake he would return to his old home in Czechoslovakia where he had left his wife and little daughter thirty-five years before. He got in touch with Mr. Drobej and bought his ticket and then invited him up to his shack above the coke ovens to make arrangements about getting his money over to the Old Country. They went into the shack and Frank, after carefully locking the door, took some of the floor boards and lifted out a beer keg which was almost full of paper currency. It was in a terrible condition, much of it damp and green with age and with a nasty smell which the speaker said almost made him sick. They counted it out and to the surprise of the visitor the amount reached the sum of \$32,000. He advised Frank to put the money in a bank here and leave it in Canada, as it would be much safer than in any bank in Eastern Europe, but Frank would not be advised. He bought drafts on his native country and took it back.

A short time ago Mr. Drobej received a letter from Frank, stating that he had been robbed of every dollar he had, and asking for help to get erably damaged

BLAIRMORE UNITED CHURCH  
Rev. Albert E. Larke, Minister

"Serve the Church that the Church May Serve You."

Services Sunday, June 3rd, the minister in charge.  
11 a.m.—SENIOR SCHOOL.  
2 p.m.—JUNIOR SCHOOL.  
7:30 p.m.—PUBLIC WORSHIP.

ST. LUKE'S CHURCH NOTES  
Rev. A. S. Partington, B.A., Rector

Services Sunday, June 3rd:  
Sunday School at 10 a.m. in the church.  
Morning service at 11 o'clock.

back to Canada again—Fernie Free Press.

The auto of C. M. Larbalestier came very near grief on Friday last. Mr. Larbalestier left the car standing on a slight grade near the corner of Ninth Avenue and Victoria Street, with brakes on. Shortly afterwards, on coming out of a store, he found the car missing. It had travelled about sixty feet towards Lyon Creek, where it failed to go over the concrete cribbing, one wheel, however, making the grade. Had the car gone over the wall, it would have landed in the rocky river bed and been considerably damaged.

## Obstacles To International Agreement

Obstacles to international agreement are many and various; so many, so various as to baffle the vision of the conferees and defeat the ends sought. Particularly is this true when a complex of nations is represented round the conference table. Despite the good intentions of conferees, the high sentiments they express and the noble purposes they proclaim, invariably dissonance interrupts the even tenor of the proceedings, divergent points of view protrude themselves and, with each interruption and each protrusion, practical agreement becomes the more remote.

The conflict of opinion appears less with regard to the general objective sought, as with regard to the methods by which that objective can be reached. In the ultimate analysis, political rather than practical issues prove the stumbling block.

These thoughts are occasioned by the succession of disasters which has befallen world conferences held for perfectly laudable purposes during recent months. The League of Nations itself, perhaps the greatest agency for world co-operation yet devised, has suffered considerable loss of prestige through recurrent manifestations of local interest, local jealousies, pride and susceptibilities. In matters such as the drug traffic, in which public rather than political and national considerations are paramount, the League has been able to take decisive action and render invaluable service. But where political and national interests and prejudices are involved, directly or indirectly, its decisions have been of less unanimous acceptance. In fact, they have seldom been effective because they have been largely ignored.

In spite of the League and the large body of opinion supporting it, where matters of national significance have been broached, the nations involved have proved a law unto themselves, using the simple expedient of withdrawal from the League as a means of asserting their right to go their own way. Disarmament questions have brought prominently into the foreground this conflict of national viewpoints and this insistent desire for autonomy in matters affecting the peace of the world. There can be little question that world opinion, generally, favors disarmament on a sane and safe basis. It is equally true, however, that there is sharp clash of opinion as to what the basis should be and as to the methods whereby it should be undertaken. World disarmament conferences have proved futile, so far, in spite of the unanimity voiced by national spokesmen as to its desirability. All nations, it appears, are in favor of disarmament—provided the other fellow does it.

Strange as it may seem, while world conferences on the question are disheartening failures, the same can not be said with respect to understanding on the subject between particular nations. Bilateral disarmament agreements appear easy, by comparison. Where two or three nations are involved, amicable solutions are in hand. Britain, for example, has little difficulty in reaching understanding with Italy, Italy with France, and so on. Even with Germany amicable negotiations are possible. Yet, when Britain, Italy and France sit around a conference table with Germany, it becomes immediately impossible to focus all eyes on the same objective and on the same means of achieving that objective.

This is not to say that Germany is entirely at fault, or that the blame attaches to any particular one of the parties to the conference. It is apparently due to the complications which arise with every addition to the conference. Compromise as between nation and nation is easy; between three nations it is a little more difficult, but less difficult than when four nations are involved. Perhaps then, the real solution is to be found in multiplying bilateral disarmament agreements until the whole world is involved and all the nations are committed to peace.

The same course may be found the ultimate solvent of the world wheat problem. Apparently, the London Wheat Agreement has founded on the shoals of national aspiration for, as this is written, the Argentine has virtually negated the good work accomplished in the London conference, and the United States, in response, is threatening unlimited production and the dumping of its surplus on the markets of the world.

The London conference resulted in what has been acclaimed as a unanimous agreement representing the first really co-operative arrangement yet reached by the nations of the world. It was not, however, a final thing, in itself. It left certain important decisions for later consideration, particularly the matter of minimum prices. Experts met at Rome to discuss prices in accordance with the terms of the agreement, only to be met by objections from the Argentine and demands from that country for an increase of 40,000,000 bushels in her quota allotment. Having already virtually exhausted her export quota for the year as set in the London Agreement, the Argentine demanded an additional 40,000,000 which could only be given at the expense of other great exporting countries, including Canada. The price conference, however, reached certain tentative conclusions which were submitted to the governments involved.

The next stage in the proceedings was the London conference on prices to amend or ratify the decisions of the Rome discussions. Here again, clash of national interests proved a handicap. Doubts have been raised whether or not price-fixing by a central body is a sound practice to adopt. In fact, British grain men have been emphatic and outspoken on the subject. The head of the London grain exchange had no hesitation in stating that the representatives of the various nations were amiable gentlemen "but they knew very little about wheat". With warnings against price-fixing, demands for increased quotas, and threats of unlimited production, the whole agreement appears in jeopardy. Obviously, the complexity of national interests is accentuated in conferences on so large a scale as that at London. Perhaps (he it repeated) the solution may be found in a series of bi-lateral agreements involving all interested parties.

## Used Sign Language

Sign language was used by members of the Western Canada Association of the Deaf as the medium of presentation at a unique concert in Saskatoon. A short play, given by school pupils, depicted early education of the deaf in this country. In addition, "O Canada" was rendered in the sign language.

## Phonics For Dinner Guests

Guests at a telephone service dinner at Grosvenor House were able to talk to friends at the other end of the dining hall without leaving their seats, telephones being installed on the tables for this purpose.

Ordinary printers' ink is used in making fingerprints.

Health For Young Girls  
Happiness For Tired Women

Thousands of women become tired out and run down, become thin and pale, and profound weakness makes life a burden. The whole outlook of life is changed when the nervous, sick headache, the sleeplessness, the spells of dizziness, of weakness and discouragement, and the tired, languid feelings disappear with the use of Milburn's H. & N. Pills. They tone up the nerves, enrich the blood, and bring the health back to normal condition.

## "Britain Of The East"

## Story Of Japan's Progress And Development Reads Like Romance

Whatever may be said of the aggressiveness of Japan in the Orient, it must be acknowledged that she deserves the designation, "the Britain of the East". Never in the history of the world has any of the backward nations made such gigantic strides forward in the path of civilization as has Japan.

The story of her progress and development reads like a romance. From the very time when she reformed her government and established democratic institutions she has gone forward in the path of educational and scientific progress and in industrial development at a remarkable rate. Her educational and scientific institutions are among the finest in the world. Moreover, her army and navy have reached a stage of development that is second to no other country. Hence, Japan is a nation so perfectly equipped from a technical and scientific point of view that her competitors may well be feared by other nations. To make light of her industrial development shows a lack of appreciation of the remarkable progress she has made.—Brantford Expositor.

DEPRESSED BY  
ACUTE ACIDITY

There can surely be no doubt about the effectiveness of a remedy for acidity that can give such permanent relief as this woman's case:—  
"I suffered for many years from acidity in its worst form," she writes. "At last it became so acute that every morning I woke with a gnawing pain in the stomach, and depression of spirits. I tried Kruschen Salts, and the effect was magical. The pain subsided and the depression disappeared like a cloud. I have taken the daily dose of Kruschen ever since. That was about five years ago, and the Kruschen does not lose its effect." (Miss) E. M. H.  
"Kruschen is so effective with acidity because it neutralizes acid, takes all the torment out of it, and gently expels it from the system. And by stimulating your organs of elimination to perfect regular action, Kruschen will prevent this harmful acid from ever accumulating again. After that you'll experience no more misery after meals."

## Canada's Metal Industry

## Dominion Dominates World Status President Of Mining Institute

Within 20 years Canada's metal industry has grown by such leaps that it was possible to-day for the Dominion to produce practically all the copper, most of the lead and zinc and all of the nickel needed in the Empire. S. G. Blaylock, president of the Canadian Institute of mining and metallurgy, stated.

He was addressing a complimentary banquet given to him by the Grand Forks Board of Trade in connection with the convention of the Associated Boards of Trade of Eastern British Columbia.

Canada dominates the world in copper, nickel, lead and zinc, said Mr. Blaylock.

Mr. Blaylock thought there was little likelihood of the price of gold dropping for years to come. As a metal producer the Canadian Mining and Smelting Company of Trail, of which he is vice-president and general manager, was not concerned with the 10 per cent. tax on gold. Nickel, lead, copper and zinc producers would be only too glad to pay millions in taxes on these metals if the price was 75 per cent. over the normal price of 20 years, he stated.

## Japan Buying Scrap Iron

## Recent Cargo From Australia Contained Variety Of Articles

Japan has been picking up scrap iron all over the world, and one of the most varied cargoes of this kind arrived the other day from Australia. There were steel rails red with rust, old sewing machines, and automobile fenders. On the top of one heap lay a battered trombone. Scores of old drums ranged side by side with piles of worn-out machinery, car wheels, cooking stoves, and scores of other ancient and apparently useless articles, together with hundreds of thousands of old horseshoes. Even obsolete cannon were in the cargo.

## A Good Definition

Crooning? Here is a college professor's illuminating definition of it: "An exaggerated and distorted expression of emotional feeling, a kind of semi-musical noise that is emitted from the throat and attractive to some persons because it is something new. Only people of low intelligence like it." It was described thus by Dean John Fatten Marshall of Boston University College of Music.

## Wants Room For Expansion

## Mussolini Expresses Need For Italy To Seek Room In Africa

Geographic and historic reasons were given by Mussolini in an interview with Hector Bywater, editor of the "Daily Telegraph" in Rome, for the expansion of Italian power in Africa and Asia, and the need for a strong navy.

During the interview, Mussolini said: "Thirty provincial capitals are situated on the coast. Rome herself is near the sea. Geography is one of the immutable factors that determine the destinies of a nation." Then he went on to say: "Geography and history both warrant us in taking Asia and Africa as objectives. We are nearer to those two continents than any of the greater western European powers. No one should mistake the meaning of our task. We are not thinking of any territorial conquest, but every one should know that we are thinking of a natural expansion allowing us to co-operate with the nations of Africa and the Far East."

Mussolini then turned to the problems of the League of Nations and of disarmament, saying:

"The principle of the reform of the League of Nations, which is almost universally accepted, is clear. The reforms that are being considered should only be undertaken after the closing of the disarmament conference, because if this conference fails there will be no need to make any reform. It will be enough to consider the work of the League of Nations as ended. "It is generally considered that the conference will fail, at least as regards the most important objectives. The greatest armed powers will not disarm; those that are not armed will be in a position to arm with a more or less defensive purpose."

## Paris Hotels Face Ruin

## Taxes Heavy And American Tourist Business Falling Off

Instead of opening the customary new extensions as the tourist season starts, one leading Paris hotel, the Plaza-Athene, already has closed its doors, and numerous others are on the verge of doing likewise.

Hotel managers point out two factors for this plight. First, that an average of one-third of all money taken in must be sent to the state in the form of taxes. Secondly, that the American tourist business has almost evaporated.

"It still continues for a short time more we'll have to close up, too," the director of a leading hotel in the Ettoile district declared.

Here are a few of the hotel taxes: Six per cent. of every penny collected as a luxury tax. Four per cent. of all room bills as a city tax. A social insurance tax. A tax for apprentices. A tax for married soldiers. A tax for operation. A property tax. This totals from 25 to 50 per cent. of receipts.

## New School Readers

## Uniform Standard To Be Adopted By Four Western Provinces

A new standard of school readers has been adopted by representatives of the four western provinces to be used in the public schools. These representatives have been meeting from time to time for the past two years judging the contents of the books. The seven books in the new series are to be known as "Highroads to Reading." The books will be adopted as school readers for the fall term of 1935. All will be uniform in style and will be admirably bound and will have colored illustrations. The printing will be done in Toronto.

The fox-tail lily is a striking looking plant for the back of a large border. It is also known as "the desert candlestick" on account of its long strap-shaped leaves and tall spikes of flowers like a column or a candle.

## "Blue" Spells

Reduce some women to the pensive shadow of their own souls, the blues. Others take the Vegetable Compound when they feel the "blues" come on, and it stands quivering nerves... helps to tone up the general health... gives them more pep... more energy.

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

W. N. U. 2048

ECONOMICAL: Dixie Plug lasts far longer in your pipe.

SATISFYING: The choice tobacco gives a cool, mellow smoke.

PLUG SMOKING TOBACCO

## Radio Signals For Aviators

## Ingenuous Device Will Keep Fliers In Defined Lines

A device for visually interpreting signals of aeronautical radio range beacons has been developed by W. E. Jackson and L. M. Harding, radio engineers of the U.S. commerce department's aeronautics branch, according to Rex Martin, assistant director of aeronautics.

Signals, Martin explained, are received through headphones by aviators who rely upon them for guidance during periods of poor visibility.

The device features an indicator which, fitted in the instrument panel, is similar to the contrivance used for blind landings. It is open-faced and has two needles—one vertical and one horizontal. The vertical needle, Martin explained, is chief indicator and when an aeroplane leaves the course defined by a radio beacon, this needle will move accordingly. However, he added, if the aeroplane is exactly on course, the vertical pointer will remain in centre of the dial.

The horizontal indicator, the official revealed, shows the volume of received signals, which the pilots may adjust as he sees fit.

## Egg Trade Responsibility

## Responsibility As To Eggs Below Grade Placed On Seller

In case of dispute about properly marked cases of graded eggs, the Canadian egg regulations are quite explicit. No case or container of eggs is considered to be properly marked if, upon examination by an inspector, the case is found to contain more than an average of 6 1/2 per cent. below grade, apart from breakage. In transactions between wholesalers, or between a wholesaler and a retailer, any complaints by the purchaser with respect to eggs below grade must be made to the seller within 36 hours of the receipt of the eggs. Thus, responsibility as to eggs below grade is upon the seller for the period of 36 hours after delivery to the buyer. After the expiration of the 36 hours the responsibility as to eggs below grade is upon the person in whose possession such eggs are found.

## For Civil Servants

## Want Temporary Employees Brought Under Civil Service Act

Representations on behalf of various classes of civil servants were made by V. C. Phelan, president of the Civil Service Federation of Canada, before the commons civil service committee.

Mr. Phelan asked that 316 long temporary employees in various government departments who had been eligible for permanent appointment prior to 1927, but through negligence or some other cause, were not appointed, now be brought under the Civil Service Act.

## Public School Education

Public school education in Canada costs \$53.83 per year per pupil, according to reports published by the Canadian government. The report shows the total expenditure is about \$165,000,000 a year. In 1932 there were 86,216 teachers, 2,593,116 pupils in the Canadian school system.

## Increased Payrolls

## Movement In British Columbia To Improve Working Conditions

Payrolls in British Columbia have been increased by approximately \$200,000 per month since the provincial department of labor started its drive through the board of industrial relations and other agencies to improve working conditions within the province. Hon. George S. Pearson, minister of labor, has estimated.

In the sawmill industry alone, the advance was about \$85,000 a month, he said. The aim of the board so far, Mr. Pearson said, had been to set minimum wage scales as high as could be paid by the industries affected, but not so high they would be forced to stop operations. As conditions improved within a particular occupation, the level could be raised if necessary.

## Trying To Find Secret

## Manufacturers Seek Buddhist Method Of Producing Stainless Steel

To study four columns which have stood for 2,500 years without showing a sign of decay or rust, a body of European steel manufacturers are visiting India. They hope to learn how people of those days produced stainless steel. The columns were erected by Asoka, the great Buddhist emperor, in four districts of his Indian Empire. Each stands on a high rock and is inscribed with the laws of Asoka's reign. Through the centuries earthquakes have not shaken them and storms have not rusted them. The secret of their making is believed to rest with descendants of the makers, and the steel manufacturers hope to learn this.

## Soybeans Profitable

The Farmers' Advocates say many livestock men, and dairymen particularly, are finding soybeans a profitable crop to grow. The beans add to the protein content of the meal mixture and for hay they are both productive and palatable.

CHILDREN'S CONSTIPATION  
Ended!

Mrs. H. T. Rowson, Athens, Ont., writes: "My baby boy was troubled with constipation. I gave him Baby's Own Tablets as directed... the constipation was relieved. By relieving constipation, Baby's Own Tablets prevent more serious ailments developing. Much easier to take than laxatives, and perfectly safe for all little folk from the wee babe to children of school age. 25c package."

Dr. Williams' BABY'S OWN TABLETS

## A NEW MARINE FLAG FOR CANADA IS SPONSORED

Ottawa.—Legislation for a new marine flag for Canada was designed by the banking and commerce committee of the senate. The new flag—approved by parliament as designed by the committee—will carry a maple leaf on the marine ensign instead of the shield of Canada, as at present carried.

The new measure is the first legislative step taken regarding the coast to coast controversy which has been waged on the question of a new national flag. Senator Raul Dandurand, Montreal, Liberal leader in the senate, sponsored the new marine flag in an amendment to the shipping bill, which passed the committee by a vote of nine to five. The amendment was passed over the objection of Senator W. A. Griesbach, Edmonton, acting chairman, and Senator Arthur Meighen, Toronto, leader of the Conservative forces in the senate. Senators Griesbach and Meighen were of the opinion a new marine flag should await a decision on the national flag.

The amendment to the shipping bill as passed puts the question of a new marine flag up to the senate and the commons. The bill will be reported to the senate at its next sitting, and will go to the commons before the end of this week.

### Edmonton Air Crash

Edmonton.—Fred Hodgins, aero mechanic, was fatally injured, and Pilot Matt Berry and Airport Manager Capt. James Bell critically hurt when a giant Fokker monoplane crashed and burned at the city airport. Hundreds of holiday seekers saw the crash, which came at the end of the annual Air Club show.

The machine was taking off from the airport, about 100 ft. and reached a height of 30 ft. when it suddenly "settled" down again, struck on the left wing tip, and crashed into a heap of wreckage. It burst into flames immediately, and the three men in the machine were hauled out by witnesses.

Hodgins died as he was being taken into hospital. He suffered severe burns and other injuries, as yet not ascertained.

### Memorial Cross

Grey Stone Monument For General Sir Arthur Currie Unveiled.

Pointe Claire, Que.—On the exact spot in the field of honor where General Sir Arthur Currie stood last year to deliver an address during the 1933 commemoration ceremonies, a memorial cross in his honor was unveiled recently.

The grey stone cross was unveiled in memory of the man who was commander-in-chief of the Canadian corps in France and more recently principal of McGill University by Lieut.-General Sir Archibald Cameron Macdonnell, former commander of the Royal Military College, Kingston, Ont.

### Would Be Unworthy Act

Ottawa.—Withdrawal from the League of Nations would be an action unworthy of Canada, Hon. Thomas Chapin told the senate. It might save this country a paltry \$300,000 a year but it would strike a dangerous blow at that international institution whose moral influence was so great.

### Song And Drama

Lethbridge, Alta.—Lethbridge was a city of song and drama recently. Five halls were required to stage the elocution and vocal classes for 500 boys and girls attending the annual school and dramatic festival of southern Alberta. It is held in conjunction with the 27th annual musical festival of Alberta.

Decorations For Sir Geo. Perley  
Ottawa.—Sir George H. Perley has received one more decoration to add to the many which now adorn him. The latest is one of a military character—the Canadian efficiency decoration.

### Medals For Mounted Police

Ottawa.—More than 300 members of the Royal Canadian Mounted Police are reported eligible for a long service medal authorized for issue through a royal warrant from the king.

W. N. U., 2048

## Balanced Railway Budget

President Beatty Of The C.P.R. Favors Unified Railway System

Montreal.—A balanced railway budget within a reasonable period of time was promised by E. W. Beatty, K.C., president of the Canadian Pacific Railway, if his scheme of a unified and privately administered system were adopted by the railroads of Canada. He made his promise in the course of an address to the Canadian Political Science Association, holding its annual meeting here. He said the unified system would be able to finance justifiably extensions which expanding settlement and development might in future demand.

Mr. Beatty's subject was "The Canadian Transportation Problem," and he dealt with the present situation created by the Canadian National Railways debt after outliving the physical and political events leading up to it. He styled the history of Canadian government railways since 1900 as a "veritable mess."

Mr. Beatty announced that displacement of labor would be overcome through the normal turnover.

## SWEEPSTAKE BILL IS DEFEATED BY NON-PARTY VOTE

Ottawa.—The Fraser bill to legalize hospital sweepstakes was defeated in the House of Commons 105-57 in a division that cut across party lines. It met the same fate last year.

With the whips off, in an open vote, the three party leaders, Premier R. B. Bennett, Rt. Hon. Mackenzie King and J. S. Woodsworth, united in opposing the bill. Every member of the Bennett cabinet, excepting Solicitor-General Maurice Dupre, voted against it.

The bill, which would empower provincial attorneys-general to authorize sweepstakes for the benefit of hospitals and charitable institutions, gained its support mostly from Quebec members, the majority from the Liberal benches. It was sponsored by J. A. Fraser, Conservative member for Carleton Place, after passing the senate 10 days ago by a narrow margin.

Opposing the bill were 67 Conservatives, 27 Liberals and 11 Progressives, two Independents and one Laborite. Supporting it were 22 Conservatives, 33 Liberals and two Laborites.

Defeat for the bill was engineered by A. M. Bennett, Progressive member for Kinross, a retired minister, who moved the six months' hold early in the day. When the house passed the Carmichael motion, it killed the bill.

## Dominion Loan Arranged

Three Prairie Provinces Are Assisted

Ottawa.—Orders-in-council passed under the Relief Act disclose that a further loan of \$600,000 on provincial treasury bills at five per cent. maturing in 1935, will be made by the federal treasury to enable Manitoba to consolidate two similar loans maturing in May and June of this year. The maturing loans are for \$500,000 expiring May 28, and \$100,000 expiring June 15.

A loan of \$294,000 has also been authorized to assist the Manitoba government in meeting its share of relief costs during May and June of this year.

Saskatchewan and Alberta will be assisted by the federal treasury with loans up to \$750,000 each to enable them to proceed with road building operations this year, according to orders-in-council passed under the Relief Act. The amounts will be advanced as the work proceeds and will be secured by provincial treasury bills at five per cent. interest.

## Lowers Record

Miss Joan Batten Establishes New Record For Women In Flight From England To Australia

Darwin, Australia.—Miss Joan Batten, New Zealand aviatrice, set a new women's record for an England-to-Australia flight when she set down her plane here. She lowered the 19-day record, established by Mrs. Amy Molison in 1920, by 4½ days. Mrs. Molison required 19 days to cover the route that since has been flown in seven days by male aviators. Miss Batten kept well ahead of the record all the way from London.

## Would Regulate Trade

Proposal Made Before Parliamentary Price Spread Probe

Ottawa.—Wiping out of the Commerce Investigation Act to be replaced by legislation giving the Dominion government power to regulate trade and commerce, was proposed before the parliamentary price spreads probe. The suggestion was made by C. H. Carle, president of the Goodyear Tire and Rubber Company.

The principal object of the Commerce Act was to safeguard the public against unwarranted or unfair prices. This safeguard, to which the public was entitled, should be brought about in a more constructive way, the rubber company head stated. Companies should not be prevented from organizing so as to become highly efficient.

Many phases of trade and commerce might be regulated as well as high prices, Mr. Carle told the inquiry. Low prices were as destructive as high prices.

The government owed it to industry to give it adequate supervision. His proposal would develop healthy business and be a proper safeguard for the public.

## Drouth In Russia

Mobilization Of Fire Departments Ordered To Water Farched Crops

Rostov, U.S.S.R.—With a mobilization akin to a military movement, Communist party chiefs started a farthing war on drouth which menaces the Russian wheat fields.

In the Azov-Black Sea region the party chief of the regional agricultural department, carrying out instructions from Moscow ordered mobilization of all city and village fire departments and started concentrating all available barrels at strategic points in the fields.

All able bodied men who can be spared from other tasks are ordered to help bring water to the parched crops.

Both winter and summer crops, the party chief said, "are in and condition and getting yellow because of lack of moisture." Sprinkling from streams will be undertaken.

Meanwhile, light to heavy rains were reported to have fallen in southern Ukraine and part of the lower Volga region, two large regions of Soviet Russia's chief grain-growing section.

## Awarded Gold Medal

Miss Jessie Gray Of Toronto Wins Honors In Medical Graduating Class

Toronto.—Miss Jessie Gray, of Toronto, was awarded the gold medal in the graduating medical class of the University of Toronto, the university announced.

Second place in the medical graduating class went to T. Kakayama, Japanese student from Cumberland, B.C., and third honors went to R. C. Dickson, of Ottawa.

### Case Has Been Closed

Ottawa.—The Dominion government is discharged from any liability as guarantor of bonds of the Beaudry-Bennett corporation, Prime Minister R. B. Bennett informed the House of Commons. In addition, the cost of the Beaudry-Bennett investigations in the House of Commons and senate amounting to \$43,536 has been paid.

### No Insurance Plans

Ottawa.—While believing some form of contributory unemployment insurance is inevitable, Prime Minister R. B. Bennett was unable to inform the House of Commons if any legislative action would be taken at the present session.

## CRITICIZES FACT

Malcolm MacDonald, son of the British Prime Minister, and Under Secretary for the Dominions, told the House of Commons he would not say the United Kingdom was "entirely satisfied with what Canada and Australia had done in the way of implementing their Ottawa Economic agreements."

## British Columbia Reports Improved Business

Early Promise Of Better Conditions Being Borne Out

Victoria.—The first quarter of 1934 has borne out early promise of a happier year for British Columbia. Bank clearings were up some 25 per cent. over the same period in 1933. Lumber production was up 90 per cent. to 487,336,000 ft. m. Lumber exports by water were 291,193,000 ft. m., about double that for the first four months of 1933.

Gold production at 61,833 ounces showed an increase of 22 per cent. Silver, lead, zinc and copper were reported improving though current figures are not available. Coal gained five per cent.

Agricultural products were up 10 per cent. in volume with prices firmer.

Payrolls are about \$10,000,000 monthly, up about \$200,000 per month, inferred from the fact the one per cent. tax is yielding \$100,000 monthly, and this excludes incomes below \$50 a month.

Decline in number of persons on relief was at about the rate of 12,000 per month for March and April compared with those months last year.

## Sweepstake Winnings

Should Be Forfeited To Crown And Not The Informant

Ottawa.—Two changes in the law governing lotteries were suggested in the sweepstakes debate by Hon. Hugh Guthrie, minister of justice. The debate ended in the bill to legalize sweepstakes being killed. Under the existing clause in the criminal code when a man wins a lottery prize, it is forfeited to an informer who may succeed against him in court. This was not a suitable provision, Mr. Guthrie thought. The winnings should be forfeited to the crown, not to the informant.

The fine for purchasing a lottery ticket was \$20. This might very well be raised to a larger amount, the minister suggested.

### Winthrop Strike Settled

Winthrop.—The partial strike of employees at the Western Packing Company here which has disrupted wholesale meat deliveries since March 7 was amicably settled by mutual agreement and the men returned to work. Wages have been increased by 10 per cent. an hour for the lower paid categories and 7½ for the higher.

## Advocates Silver Policy

President Roosevelt Wants Authority To Make Necessary Purchases

Washington.—President Roosevelt recommended to the United States congress that it declare American policy to be "to increase the amount of silver in our monetary stocks with the ultimate objective of having and maintaining one-fourth of their monetary value in silver and three-fourths in gold."

The policy would be mandatory. The president, in fulfillment of his agreement with congressional silver advocates, said he should be "authorized and directed to make the purchases of silver necessary to attain this ultimate objective."

Payments for present silver holdings in the United States would be limited to 50 cents an ounce, and profits so made would be taxed 50 per cent.

Pointing to a world-wide bi-metallic agreement as the ultimate solution of the silver problem, Mr. Roosevelt revealed to congress he has already begun negotiations with neighboring countries "in regard to the use of both silver and gold, preferably on a co-ordinated basis, as a standard of monetary value."

## B.C. Proposals

Negotiations With Premier Bennett Are Revealed

Vancouver.—Premier T. D. Pattullo returned to British Columbia to reveal two new and interesting facts evolved from his negotiations with Prime Minister R. B. Bennett.

The Dominion government's contribution will come by direct cash payment rather than by loan, he said. The amount or nature of the contribution has not been determined.

Mr. Pattullo said he has notified Mr. Bennett that the province will submit a definite proposal to the Dominion to turn over the Pacific Great Eastern Railway at replacement value. He said valuation of the railway on this basis will be started at once.

## BRITAIN PLANS TO ASSIST OWN MEAT PRODUCERS

London.—The Daily Telegraph forecast the British government plans to help its own meat producers when the Ottawa conference agreements respecting imported meat expire on June 30. The newspaper said the government is determined first and foremost to look after the needs of the home producers.

Should the Dominions refuse to agree to a new scheme, limiting meat imports, the British government would take steps to restrict imports, said the Daily Telegraph. It would be compelled to choose between imposing restrictions by way of quotas to both Dominion and foreign imports of frozen and chilled meats entering the United Kingdom and "insulating" the home market, the paper said.

This "insulating" step, the Daily Telegraph said, might be taken to protect the home producer from the shock of abnormally low market prices by making a price guarantee, as was done for a temporary period for the benefit of home dairy farmers.

### Eligible For Medal

Ottawa.—More than 300 members of the Royal Canadian Mounted Police are reported eligible for a long service medal authorized for issue through a royal warrant from the king.

## CANADA SHOWS RISING TIDE OF TRADE ACTIVITY

Montreal.—Canada's external trade is shooting upward. The Bank of Montreal business summary for April draws attention to an increase in exports over April, 1933, of \$14,358,000 or 70 per cent., and an increase in domestic imports of \$11,571,000 or 57.5 per cent.

"These are remarkable figures," the summary declares. "They reveal the largest volume of commerce in April since 1923, attributable in the case of exports largely to the empire preferential tariff agreements and in the case of imports to the rising tide of activity within Canada."

Although the April rise in business activity within Canada was not so sharp in April as in February, nothing in the way of a reaction was anywhere indicated, the report says, and the trend toward recovery continued without interruption.

The carryover of wheat is diminishing, the summary says. Visible supply in Canada on May 11 of 202,717,000 bushels was 9,158,000 bushels lower on May 11, 1933. The first Dominion crop report estimates a decrease of eight per cent. in spring wheat acreage which would bring the figure back to the 1928 level.

## Battle In Bolivia

Reported That 6,000 Paraguayans Have Been Slain

La Paz, Bolivia.—Army dispatches from the battlefield stated that more than 6,000 Paraguayans have been slain and at least 12,000 wounded by a strategic Bolivian counter-attack before Fort Ballivian.

The action was regarded here as a master stroke by Col. Bernardino Bilbao Rioja, in command of the Bolivian forces in the "Canadá" and "Strongest" sectors.

The 8th, 7th and 2nd Paraguayan divisions occupied respectively the left, centre and right wings, fronted by the 2nd Bolivian division.

The 2nd Bolivian division was deployed strategically for the strongest possible defence of the sectors, and at the same time it asked for immediate reinforcements from garrisoned positions.

As these reinforcements arrived, they were distributed effectively in a circling movement, mathematically designed to surround the three Paraguayan divisions.

## Fatal Strike Riot

Two Men Killed By Troopers At Toledo, Ohio

Toledo, Ohio.—Two men were shot and three others injured as a crowd of more than 6,000, hurrying bricks and bottles, returned to battle national guardsmen who killed two men in a strike riot a few hours earlier at the electric auto-lamp plant here.

Cursing and taunting and throwing missiles the crowd clashed with 25 policemen at the edge of the six-block strike zone. The guardsmen hurled gas bombs and the angry crowd fell back, only to push forward again. The soldiers fired a volley over the heads of the throng, which included many women. The response was more bricks and bottles.

Aiming their rifles at the rioters, the troops fired a short volley and the crowd broke, leaving the wounded on the streets. The crowd surged back several times but at 10 p.m. a heavy gas attack had driven them back two blocks.

At midnight comparative quiet reigned.

### Byrd Reports Severe Cold

Little America, Antarctica.—A temperature of 22 degrees below zero was reported May 21 by Rear-Admiral Richard E. Byrd in his isolated outpost on the Ross ice barrier. Since the coldest part of the Antarctic winter is still to come, this temperature was indicated. Admiral Byrd's prediction that his base may be the coldest spot ever inhabited will be fulfilled.

### Naphtha Prices Reduced

Calgary.—A reduction of 32 cents a barrel on naphtha purchased by local refiners from Turner Valley producers was announced recently. The new scale sets a price of \$2.55 a barrel for clear naphtha, and \$2.19 on crude oil, 50 gravity and up. A continued surplus of Turner Valley naphtha is given as the reason for the reduction.

## ONTARIO'S POLITICAL ARENA CLEARED FOR BATTLE

On June 10th, the people of Ontario will flock to the polls to decide what party shall sit on the Government benches at the next session. Above are the political leaders who are in the midst of one of the most strenuous election campaigns in the history of the province. Left to right: Mitchell Hepburn, leader of the Liberal party; Premier George H. Henry, leader of the Conservatives; and H. C. Nixon, head of the Progressives.

# Every Town Wants Industries

— o — o — o —

Every industry, be it large or small, adds to the progress and prosperity of any community. Every such industry brings new capital to a town, and distributes this among the business men generally in the way of wages and salaries. Everybody benefits.

Among local industries there is none of greater importance in any community than that of the local home newspaper. Not only does it provide employment for a certain number of workmen, but it offers a service to the community which could be obtained in no other way.

In their own best interests, therefore, business men should use their local paper for purposes of advertising, and also for the procuring of their requirements in PRINTING. All business men need printed matter of various kinds from time to time.

*Remember your local printing office  
when in need of printed matter*

Blairmore, Alta., Thurs., May 31, 1934

ECONOMIC CONFERENCES TO  
SOLVE PROBLEMS AT HOME

Making a new departure in provincial politics which has been received with enthusiasm wherever it has been brought forward, W. R. Howson, M.L.A., leader of the provincial Liberal party, has announced that a series of economic conferences will be held under the auspices of the Alberta Liberal Association during the year. The first of the series will be held at Lethbridge on June 26 and 27 next.

"The purpose of calling conferences of this kind is to study the needs of all interests and all industries in the province," said Mr. Howson in commenting on them. "The solution of the problems of the grain farmers, the live stock breeders, the best growers, homeadeaters, the coal, oil, lumbering, fishing, merchandizing and manufacturing industries, the transportation question, irrigation projects, the teachers, returned soldiers, the unemployed, the problems of the various school and municipal districts, the credit situation and every other problem confronting the people of Alberta at this time can better be solved by taking direct and definite action in the province, rather than by futile trips to Toronto, Regina, Winnipeg and Ottawa, as our present government insists on doing. Instead of facing our problems and trying to solve them they have been running away from them and in that way lies disaster. We need to get down to grips with them right at home and devise our own ways and means of dealing with them. It can be done, and by holding these conferences throughout the province we will come to definite grips with our local difficulties, get considered and advised opinions concerning them from men right on the spot, and can devise active actions to bring about remedies."

While the conferences are under the auspices of the Liberal Association, Mr. Howson made it plain that anybody is welcome at the meetings. "We want to get at the problems of the province and formulate considered plans for dealing with them. Any man or woman, no matter to what particular party they belong, is welcome to assist us in the work. We would like to have the views of all who have the interest of Alberta at heart and the conferences will be wide open," said Mr. Howson.

Constituencies that will be represented at the Lethbridge conference will be Cardston, Warner, Taber, Macleod, Pincher Creek, Rocky Mountain, Lethbridge and Little Bow.—Edmonton Bulletin.

Frank Conradson was found not guilty of the murder of Carl Anderson, a Buck Creek stockkeeper. His son, Edward, was acquitted on a similar charge recently.

## HILLCREST HAPPENINGS

Mrs. Dudley entertained in honor of Mrs. Beas Richards on Friday evening. The lucky winners at bridge were Miss C. Emery, first; Mrs. A. Petrie, second. Mrs. Richards left Tuesday for a visit to England and Wales.

Mr. and Mrs. W. Fisher, accompanied by Mrs. J. Penn, motored to Lethbridge for the musical festival. The score was a draw, 4-4, at a baseball game between Bellevue and Hillcrest on Friday evening.

Mrs. G. E. Cruickshank was a Lethbridge visitor during the musical festival.

Mr. and Mrs. H. Sullivan and daughter left Monday for England, where they intend to reside in future. Gwyn Richards motored to Calgary Thursday.

Betty Stutchberry, of Lethbridge, is visiting at the home of Mrs. Wyatt. Mrs. H. A. McVicar is visiting in Medicine Hat.

Mrs. Mackie returned Sunday from Lethbridge, where she had been a patient in St. Michael's hospital for several weeks.

Mrs. H. Instone was a Lethbridge visitor last week.

Mrs. T. O. Davies and baby returned from Calgary on Sunday.

Mr. and Mrs. Hector McDonald are visiting at the home of Mrs. Fowler at Coal Creek.

Mr. and Mrs. James Smith, of Drumheller, are visiting at the home of Mr. and Mrs. J. Mackie.

Mrs. McEwen, of Calgary, is a visitor at the home of Mrs. P. Salt. Among the local folks to visit Waterton over the week end were Mr. and Mrs. R. Clarke and family, Mr. and Mrs. J. Williams and family, Mr. A. Pollock, Percy and Betty Letcher and Miss E. Stenhouse.

Hillcrest winners at the Lethbridge musical festival included Jean Cruickshank, Lawrence Fisher, Hillcrest String Orchestra, Hillcrest School Orchestra and the chorus "Milking Maids," conducted by Miss A. Martin.

## BELLEVUE HAPPENINGS

The death occurred on Wednesday, May 16th, of Mrs. Martha Davidson at the home of her daughter, Mrs. Albert Rhodes, at Bellevue. Deceased was born in Prince Edward Island eighty-seven years ago, and spent the early part of her life in New Brunswick, coming to Alberta some twenty-three years ago. She leaves, besides her daughter, one sister, Mrs. R. Olive, of St. John, N.B., and three brothers, Fred, of Ohio; William, of Deer Park, Wash., and John, of St. John.

Rev. H. Peters, formerly of Bellevue, officiated at the funeral of the late Mrs. Varley, of Cadomin, which took place at Edmonton on May 14th. The remains were laid to rest at Edmonton. She is survived by her husband, Herman Varley; three daughters, Mrs. Walter Miller and Mrs. John Barton, of Edmonton, and Mrs. Harry Tyson, of Cadomin; three sons, Arthur and James Varley, of Cadomin, and Arnold, of Edmonton; two sisters, Mrs. Arthur Varley, of Yorkshire, England, and Mrs. J. J. Holmes, of Vancouver; one stepbrother, John Hayes, of Yorkshire, and seven grandchildren.

Mrs. George Clayton was called to Edmonton recently, where her mother is ill. Mrs. Clayton will be away for some time.

Mr. and Mrs. Frank Herman have moved from the dairy to the house lately vacated by Charlie Mott.

Mr. and Mrs. Ed. Bosley have moved from Maple Leaf to the Carney house on the Connelly townsite.

A large number of members of the Moose order gathered at the home of Mr. and Mrs. Boutry at Maple Leaf, tendering them a surprise party on the occasion of the 25th anniversary of their marriage. The early part of the evening was spent at cards and

games of all kinds, after which a fainty luncheon was served, during which a beautiful three-layer cake was cut and served, and Mr. and Mrs. Boutry were presented with a beautiful silver flower basket, filled with beautiful cut flowers.

Born on Tuesday, to Mr. and Mrs. Frank Herman, a son.

Miss Windsor, of Riley, is a visitor in town, the guest of Mr. and Mrs. E. Cranston.

A ragged baseball game played between the locals and Blairmore here on Monday evening, was won by Blairmore with a score of 17-10.

The Bellevue football team was defeated 3-0 at Fernie on Sunday.

Mrs. E. W. Christie, accompanied by Mrs. John Christie, of Vancouver, were visitors to Lethbridge over the week end.

Mrs. McVarish and family of New Waterford, N.S., arrived here to join Mr. McVarish, who has been in Bellevue, for some time. Mrs. McVarish is a sister of Mrs. Joe Kenzie.

## COWLEY HAPPENINGS

A bee was held at the Cowley cemetery, on Wednesday afternoon, when the belt of trees surrounding it were given a good hoeing, this being the second cultivation given them this spring.

A plague of a small species of grasshoppers is reported doing damage to a number of fields in the district. Poison is being put out to check their progress.

Miss Sylvia Murphy, Lloyd Morrison, Jack Cowin and Jack Bundy, from the Cowley school, entered the track meet at Blairmore on Monday, and were fortunate in bringing back two prizes, won by Cowin and Bundy. These amateur athletes were accompanied by Ronald Morrison and Gordon Swart on the trip.

On Victoria Day, May 24th, one of the most successful celebrations ever held here took place, with an attendance of \$500, plus about 300 Indians and a similar number of Doukhobors, making a picturesque and colorful appearance. On this occasion, the weather man was kind, giving us a perfect day. The heat of the day created heavy business for the refreshment stands. An airplane on hand took up many passengers during the day. The programme opened in the morning, with Blairmore winning a baseball game against Glenwood. Coleman lost a game to Bellevue in the afternoon. Blairmore won the final against Bellevue in the evening. A football game between a team of whites from Pincher Creek and a team of Peigan Indians was won by the former. Results in horse races in the afternoon were as follows: 1/2 pony, McLaughlin first, Hepp second; 1/2 open, Northwood first, McLaughlin second; boys' pony, McLaughlin first, Easterbrook second; mile open, Northwood first, Choen and Frew second; 1/2 mile saddle, Northwood first, Willidge second; mile Indian, Weasel Bear first, Big Swan second; 1/2 mile Indian, Big Swan first, Weasel Bear second; democrat race, Crow Shoe first, Eagle Plume second; relay race, Crow Shoe first, Young Pine second; Indian special, Big Swan first, Little Leaf second. The races were started by W. T. Edy, and the judging was done by R. Cooper and H. Bossenberry. A well-attended dance took place in the Odd-fellows' hall in the evening with a Lethbridge orchestra supplying music.

Two changes in the law governing lotteries were suggested in the sweepstakes debate at Ottawa by Hon. Hugh Guthrie, minister of justice. Under the existing clause is the criminal code, when a man wins a lottery prize, it is forfeited to any informer who may succeed against him in court. This, it was thought, was not a suitable provision. The winnings should be forfeited to the crown, instead. It was also suggested that the fine of \$20 be raised.

Beautiful monuments of cedar, from 8 to 16, carved epigraph. Freight paid.—Western Wood Monument, 16880, 75th St. Edmonton, Alberta. Agent wanted.

Mrs. Olive Dionne, of Callander, Ontario, on Monday morning gave birth to five girls.

A quantity of clothing is shortly to be sent from Truro, Nova Scotia, to needy people along the Labrador coast.

Cortlandt Starnes, ex-commissioner of the Royal Canadian Mounted Police, died at St. Hilaire, Quebec, on Wednesday last week, aged 70.

Jimmy McLarnin was decisively outpointed by Barney Ross, of Chicago, in a fifteen-round waterweight fight at New York, on Monday night.

George W. Henderson, past grand master of the I.O.O.F., Calgary, has received word of the death of his sister, Mrs. W. G. Lemm, at Victoria, B. C.

Rev. Dr. A. S. Tuttle, principal of St. Stephen's College, Edmonton, was elected president of the Alberta Conference of the United Church of Canada, succeeding Rev. Dr. George A. Dickson.

Two changes in the law governing lotteries were suggested in the sweepstakes debate at Ottawa by Hon. Hugh Guthrie, minister of justice. Under the existing clause is the criminal code, when a man wins a lottery prize, it is forfeited to any informer who may succeed against him in court. This, it was thought, was not a suitable provision. The winnings should be forfeited to the crown, instead. It was also suggested that the fine of \$20 be raised.

Ronnie McWilliams, golf instructor, who was in Blairmore over the week end, paid a visit to Staveland where it is understood he accepted the challenge of "Red" Rorstrum, a golf pro.

Messrs. F. A. Lazebny and T. Wilkinson, of the Department of National Defense, of Yakk, were recent visitors to the east and west camps at Frank.

William A. Wells, of Edmonton, Alberta, special agent of the supreme office of the Knight of Columbus, arrived here by yesterday's express on an official visit to Archbishop Howley. He will address the local council at a meeting to be held in the Parish Hall here tomorrow evening. He will leave again by Tuesday's express en route to Canada for an official visitation of the councils in the Maritime provinces.—Humber Herald, Newfoundland.

Newfoundland, as well as Canada, mourns the death of Archbishop McNeil, who died at Toronto on Friday night at the age of 82. He had been head of the Roman Catholic church in Toronto for 22 years. In 1895, he labored among the Roman Catholics of Newfoundland, spending fifteen years there, most of which time was in St. George's diocese. He became archbishop of Vancouver in 1910, moving to Toronto in 1924. He was the eldest of a family of eleven children raised in Hillsborough, Nova Scotia. His father was Malcolm McNeil, a blacksmith and descendant of the McNeils of Barra, a little island in the Hebrides.

OFFERED NEWFOUND-  
LAND \$100,000

New York, May 28.—Miss Jeanette M. Lewis, former Harbinger, Ont., woman who gained considerable prominence by offering to lend the Newfoundland government \$100,000 in 1931, was under an indefinite penitentiary sentence today for allegedly breaking a probation term given her on a petty larceny charge.

Miss Lewis, who is 51 years old, was convicted several months ago on the larceny charge after a Brough's druggist, Alexander G. Wilber, charged misapplication of \$4,000 he said he gave her to invest in a Canadian gold mine.

She was placed on probation on the condition that she make restitution to Wilson, and the indefinite penitentiary term to which she was sentenced yesterday grew from violation of the repayment condition of her parole.

At the time the Hamilton woman offered the immense loan to the Newfoundland government it received official recognition, but for a refund announced was not taken up by the island government.

Dr. William Spankie, M.P., father of Dr. W. E. Spankie, of Calgary, died at Kingston, Ontario, on Sunday, aged 74. He is survived by his widow, one daughter, Mrs. A. S. Kennedy, of Calgary, and four sons, Dr. W. E. Spankie, Dr. A. T. Spankie, of Calgary; R. M. Spankie, of Ottawa, and H. L. Spankie, of High River.

WORLD HAPPENINGS  
BRIEFLY TOLD

If you are on relief in Calgary you mustn't keep a cow, unless you take a proportionate reduction in milk allowances. This is the ruling of the civic relief agency.

Nipissing Mining Company had a profit of \$146,826 for the year 1933, compared with a loss of \$161,437 for the previous year. The profit shown includes interest from investments.

Premier R. B. Bennett has accepted the rectorship of Queen's University. He succeeds Dr. O. D. Skelton, under-secretary of state for external affairs, who held the office for six years.

Hon. George H. Sedgewick, chairman of the tariff board, has left for England where he will visit a number of manufacturing plants which are interested in applications pending before the tariff board.

Alan Cuthbert Burns, well-known in the British West Indies, has been appointed governor of British Honduras in succession to Sir Harold Rittermaster, recently appointed governor of Nysaland.

Pleased with the success of the Mother's Day postage stamp depicting Whistler's Mother, U. S. Postmaster General Farley said he was ready to try a Santa Claus stamp to commemorate Christmas.

Dr. Louis Martin, one of the world's foremost authorities on contagious diseases, was named head of the Pasteur Institute. For 40 years Dr. Martin has been associated with the institute.

Creating a legal unit to which Manitoba can turn over 1,500 acres donated from the Turtle Mountain reserve, the International Peace Gardens, incorporated, was granted a license to do business in the province.

Fires in Alberta in 1933 took toll of 30 lives compared with nine in 1932, according to the report of Fire Commissioner Henry Brace. There were 1,832 fires during the year with property loss of \$1,425,612 compared with loss of \$2,495,491 from 1,937 fires in 1932.

## May Ship Via Panama Canal

Route Being Investigated By B.C. Livestock Interests

The proposal by British Columbia livestock interests that beef cattle might profitably be shipped to European or British markets is again being investigated. A proposal has been advanced that B.C. cattle could be shipped alive through the Panama Canal from Vancouver and the feasibility of this is under consideration.

Statistics reveal that the move would not be so much a means of finding an outlet for any excess production, since B.C. already imports more than half as much beef as it produces, but would merely serve as an avenue for bolstering the price, if it were feasible. Stockmen claim that Alberta beef depresses their prices to such an extent that the industry becomes unprofitable to the B.C. producers. By shipping to the British market, according to the argument advanced, B.C. cattlemen could get a better price for their beef than they can on the home market, even with rates included.

Dr. W. R. Cune, livestock commissioner, and J. A. Grant, marketing commissioner have been discussing the matter with livestock men during their recent visit to Williams Lake.

## Rich Radium Find

Biggest Pitchblende Strike Yet Uncovered In The North

Radium ore beds at Hottah lake, 100 miles south of Cameron Bay, N.W.T., are even richer than first reports of prospecting parties stated, Edward Harleaves, Toronto mining man and managing-director of Great Bear development, revealed recently. "It is the biggest pitchblende strike ever to be found in this country or the United States," he continued. He displayed a sack of sample ore. He declared that in his company's field they have a ton of ore sacked and ready for shipment. It was taken out only with sledge hammers.

He declared that the ore is worth \$6,000 or \$7,000 a ton, and will be shipped to an eastern refinery. He declared that silver is not showing yet in the new area, as at Great Bear lake.

Children and flowers thrive best with plenty of sun and air.

Canada expends \$135,000,000 annually to keep her schools going.

## Agricultural Notes

Many Items Of Interest To The Western Farmer

The first asparagus shipments this year from the Niagara district of Canada were made on May 7.

The largest crop of tree fruits in history is expected this year in the Okanagan Valley, B.C.

The first British Columbia strawberries on sale this year at Calgary, Alberta, on May 2 were exactly one month earlier than last year.

Canadian cattle sailings to Great Britain this year up to May 10 totalled 15,594 head, as against 13,246 for the same period of last year.

For the first 19 weeks of this year, up to May 10, 1,224,582 hogs were graded in Canada, as against 1,220,766 for the same period of last year, an increase of 3,816.

Timothy is grown in England as a permanent mixture but it is not sown to any extent as a seed crop. The United States generally supplies the greatest proportion of this seed.

Canadian alfalfa is regarded in Britain as the best available, and, since the United Kingdom harvests very little of this seed as a crop, the bulk of the requirements are drawn from Canada.

Toronto lambs made the high mark of the year under a moderate run for the week ending May 10, when Western foot-lamb topped \$9.50 per cwt. Spring lambs had a top of \$9. —Livestock Market Report, Dominion Department of Agriculture.

The reports of crop correspondents throughout Canada for the week of April indicated that prospects for the 1934 crops were below average, the most unfavourable conditions being reported from Ontario, Manitoba, and Saskatchewan.

Twenty-one large boxes of British-grown chrysanthemums were carried to Montreal in the C.P. liner Duchesne of Athol, and forwarded by rail to British Columbia. The plants were rooted and grown in specially prepared soil, and were tended every day during the entire journey by sea and land.

Winter-killing of fall wheat in Ontario was particularly severe, the per centage (59) being the highest of any year on record except the disastrous winter 1917-18, when it was 56. Of the 631,000 acres of fall wheat seeded in Ontario last autumn, it is estimated that 245,000 (or 39 per cent.) acres are winter-killed.

The contemplated reduction in spring wheat acreage in Canada this year is divided among the three Prairie Provinces—101,000 acres in Manitoba (4 per cent.); 1,622,000 acres in Saskatchewan (1 per cent.); and 305,000 acres in Alberta (5 per cent.). The other provinces, where spring wheat is almost negligible, show little change.

There is a smaller carryover of hay this spring than there has been for many years, owing to the strong demand caused by the past long severe winter. It follows, says the Dominion Seed Branch report for April on hay marketing, that the market hay crop for 1934 will need be larger than usual so as to meet the requirements of next winter.

Winter injury to fall rye in Canada was most severe in Ontario and Saskatchewan. In Ontario 16,200 or 29 per cent., of the 56,300 acres sown to fall rye were winter-killed, leaving 40,000 acres for harvest. In Saskatchewan 38,000 or 16 per cent. of the 240,000 acres sown, were winter-killed, leaving 202,000 acres to be harvested. For all Canada, 422,100 acres were sown to fall rye, and 15 per cent., or 61,900 acres, is estimated as winter-killed.

## Glass "Windows" For Engine

Motorists Can See As Well As Hear Knocks

Nearly every motorist has at one time or another heard "knock" in his engine; now these disturbing noises may be seen.

Engineers at Massachusetts Institute of Technology have placed glass windows in an automobile engine and visitors to the 11th annual open house at the Cambridge Institution on May 5 saw as well as heard those harsh sounds denoting internal trouble in gasoline engines.

A Women's Who's Who With an array of over 6,000 sketches of English women, Hutchinson & Co., the London publishers, will soon launch a "Women's Who's Who". The list has taken two years to prepare and contains the names of 150 women air pilots, 3,500 women doctors, 300 women justices of the peace, 300 women county councillors, 84 women architects, and dozens of solicitors, estate managers, housing pioneers and members of parliament.

## Winnipeg Newspaper Union

By Ruth Rogers

COTTON BLOUSES ARE SMART,  
COOL FOR SUMMER, PATTERN  
PROVIDES FOR BOTH STYLES

Don't miss this opportunity to order today's pattern. It provides for both styles illustrated. The high neck blouse with short raglan sleeves gathered into wrist bands, is alluringly feminine. The V-shape neck blouse with that windblown bow is decidedly young. Any of the cotton prints as checked or striped seersucker, plaided gingham, pique, lawn, saten are attractive for it. Tub silks and linen are also lovely.

Style No. 843 is designed for sizes 14, 16, 18 years, 36, 38 and 40 inches bust. Size 16 requires 2½ yards of 39-inch material for View A; View B requires 1½ yards of 39-inch material.

Price of pattern 20 cents in stamps or coin (coin is preferred). Wrap coin carefully.

## Little Journeys In Science

(By Gordon H. Guest, M.A.)

Scientists believe that all matter is composed of very small particles called molecules. These molecules are invisible and cannot be observed even with the aid of the most powerful microscope. It has been calculated that it would require about forty million molecules, touching one another, to make a row one inch long. Again it has been computed that a small thimbleful of air contains about twenty-seven billion molecules. There are spaces between the molecules which are supposed to be much larger than the molecules themselves. These spaces between the molecules are known as the inter-molecular spaces.

Molecules are constantly in motion and they are also elastic. The hydrogen molecule, for example, has an average speed of over a mile a second and bumps against its neighbors about ten billion times per second under ordinary conditions. In the case of gases the molecules are quite separate and distinct and have great freedom of movement. The particles of a gas appear to be perfectly elastic, and as a result their motion is slowed up when they collide with one another or when they bombard the sides of the enclosing vessel. The pressure of a gas upon the vessel is due to the action of molecules upon its walls. A definite quantity of a gas left in an open vessel is capable of indefinite expansion. Gases are therefore very compressible. A good illustration of this fact is that when a quart of water is evaporated it yields about seventeen hundred quarts of steam, measured under the normal pressure of the air and at the boiling point of water. This shows us why a strong vessel is required to hold steam at high pressure.

A liquid is more compact than a gas; that is, its molecules are closer to one another, and therefore have less freedom of movement. When a liquid evaporates some of its molecules are set free. The migration of a molecule depends upon its temperature and hence the warmer molecules of a liquid are lost first. This migration of the warmer molecules from a liquid results in a fall in temperature, which a liquid evaporates. It is well known that water is cooled in certain countries by placing it in porous vessels in order to promote evaporation.

Solids, like liquids, are much more compact than gases. The molecules of solids are much restricted in their movements, and appear to vibrate about fixed centres of rest.

## Electricity Helps Farmers

Greater Use In Scotland Is Making Life Easier

Farmers of Scotland are using electricity to speed growth and make life easier. Nearly 400 are employing it for milking and in butter making. Market gardeners have recently found that they can accelerate the growth of vegetables by starting them in a hot-bed warmed by electricity. The "magical current" is just being introduced into hen houses, lighting early in the evening and morning, deluding the hiddies into believing the day is longer and thus causing them to lay more eggs. Ultra-violet rays produced from a lamp is being used extensively in the rearing of chicks.

Legacy, a new, promising variety of oats, produced by the Cereal Division, Dominion Department of Agriculture, from a cross between Bagger and Eighty Day—has done particularly well in Northern Saskatchewan and Central and Northern Alberta, and in the Eastern Townships of Quebec.

## Hamelin To Celebrate

Will Commemorate 680th Anniversary Of Pied Piper's Visit

All living "children and children's children" of the ancient town of Hamelin, Germany, received invitations to return for a grand homecoming which started May 20 and running for the summer to commemorate the 680th anniversary of the strange Pied Piper of Hamelin.

They will retell the sad fate that befell all of Hamelin's youngsters when they were led off by a spiteful musician "died in a garb of bright colors" and were swallowed up by the earth to the tune of his weird pipings. Only a little cripple who, according to legend, couldn't keep up with the merry crowd, lived to tell the tale, which Robert Browning put in English verse.

It was on June 26, 1284, the story goes, that a piper cast a fatal spell over the children, all because the town fathers bickered and refused to pay him his just due for ridding the town of a plague of rats.

The legend is traced back by some authorities to the children's crusade of 1211, by others to a wholesale abduction.

## Recipes For This Week

(By Betty Barclay)

## BRAN BRITTLE

2 cups granulated sugar  
1 cup brown sugar  
½ cup light corn syrup  
1 cup water  
¼ cup butter  
¼ teaspoon salt  
1½ cups bran

Put the sugars, corn syrup and water into a saucepan and cook, stirring until sugar is dissolved. Continue cooking, without stirring, until 300 degrees F. is reached. (Cold water test, very brittle).

Remove from fire, add butter and salt and stir only enough to mix well. Add bran and turn at once on a greased slab or on a greased inverted pan or baking sheet. Smooth out with a spatula. After about a half minute take hold of the edges of the candy and, lifting it slightly from the slab, pull it as thin as possible. Break into irregular pieces. Provides 1½ pounds.

## SALAD AMBROSIA

(Serves 6)

2 cups orange peaches  
1 cup halved strawberries  
(or dried pineapple)  
1 cup diced peaches  
Lettuce  
¼ cup mayonnaise  
1 egg white  
2 tablespoons sugar  
½ cup shredded coconut  
Powdered sugar

Combine fruit and arrange on lettuce-covered salad plates. Serve with yellow and white dressing of mayonnaise into which meringue of stiffly beaten egg white and 2 tablespoons sugar has been folded. Sprinkle dressing over salad and sprinkle lightly with coconut and powdered sugar. Serve at once.

Ninety-five patches were required to repair damage inflicted to wings of an aeroplane caught in a hail-storm in South Dakota.

Cotton production in Egypt this year is expected to be double that of 1933.

Hot cranberry sauce is good on waffles.

## SUNDAY SCHOOL LESSON

JUNE 3

## JESUS IN THE SHADOW OF THE CROSS

Golden Text: "He went forward a little, and fell on his face, and prayed, saying, My Father, if it be possible, let this cup pass away from me: nevertheless, not as I will, but as thou wilt." Matthew 26:39.

Lesson: Matthew 26:1-75.

Devotional Reading: Psalm 42:1-5.

## Explanations And Comments

Beautiful Self-Confidence, verses 31-35. "It was the night before the end. The little company were met secretly in an atmosphere charged with emotion. Either they did not know or they did not realize what the crisis would mean. They only knew that the purpose for which they had come to the city was near its accomplishment. The secrecy of their meeting place; the solemn and mysterious accents of their Lord; the departure of Judas Iscariot into the night; the gracious words of comfort, spoken to his friends by their master—all these things had moved their hearts deeply. They were like men at a mass talk on the eve of action. It was the airless silence before the storm breaks. Each mood of excitement they then listened to the chilling words spoken by Jesus' (Edward Shillito). He, the Shepherd of the flock, was to be put to death by very night, and they, the sheep, were to be scattered, for they would all be offended in him, that is, caused to stumble by what was to befall him, as it was written (Zechariah 13:7). Then he added the encouraging words: "After I am raised up, I will go before you into Galilee."

"If all shall be offended in thee," vehemently Peter exclaimed, "I will never be offended." He is not sure of the other disciples, but he is certain in regard to himself! How little he knew of his own weakness! Even after Jesus warned Peter that "this very night, before the cock crow, thou shalt deny me thrice," Peter reiterated his statement, "Even if I shall die with thee, yet I will not deny thee."

In Gethsemane, verses 36-46. Jesus led the disciples to the Garden of Gethsemane, and for the last time his oft-repeated journey thither for seasons of prayer and meditation. "Sit ye here, and wait for me," he said, "while I go yonder and pray."

Jesus began to be sorrowful and sore troubled, and even said to his disciples, "My soul is exceedingly sorrowful, even unto death." Before this he had talked calmly with them of the cup he was about to drink, but now, in truth, he was "clean foreseen, foreseen."

W. H. Davis, of Vancouver, instructor of professional photography, paid his regular visit to Gusha's Studio on Monday.

Calvin, Forest Heights and Rabbit Hill churches, Edmonton, will form a new pastoral alignment, with Rev. W. T. Young as minister.

Fred Goddard has sold his residence property in the south part of the town to Tripoli, and has in turn purchased the T. Appleby property on Sixth Avenue.

The Frank west camp had the Union Jack flying at the camp on Victoria Day. The flag was presented to the camp by the West Canadian Colonies Ltd., while the pole was the gift of Sartoris & Bielli, of Blaimore.

Mr. Bruno Fabro is a patient at McDougall hospital, having undergone a major operation—Kimerley Courier.

Mr. and Mrs. F. R. Keer had as their guests during the week end the latter's parents, Mr. and Mrs. C. J. Steen, of Nanton.—Macled Gazette.

A former resident of Bellevue, in the person of Mrs. Margaret Ellen Varley, died in Edmonton recently. She is survived by her husband, three married daughters and three sons.

Rev. N. M. Whitmore, of Pincher Creek, occupied the pulpit of Highlands United church at Edmonton on Sunday last, at the invitation of the pastor, Rev. J. W. Smith, formerly of Blaimore.

**Local and General Items**

The Editor will be pleased to receive items for this section, regarding visitors entertained, parties leaving for holidays or short trips, bridge parties, teas, etc. Phone items in to 11 or hand them in at The Enterprise office no later than Wednesday evenings.

Al G. Barnes' circus will be in Cranbrook on June 15th.

F. J. Stone, of Jasper, has been elected grand president of the Sons of England Benefit Society.

D. G. Mackenzie, of Calgary, was in town on Friday last at the invitation of Mayor Knight.

Mrs. Christianson, wife of W. Christianson, C.P.R. roadmaster, died suddenly at Macled on Friday night.

Mrs. J. H. Farmer, secretary of the Crows' Nest Pass Musical Festival, attended the musical festival at Lethbridge last week.

The cows, horses and goats seriously took the hint when they heard that the town council were taking drastic measures to make and keep the town clean.

A very interesting programme of musical selections was rendered at an ice-cream social held at the United church last night. Those taking part included Mrs. G. Steeves, George Kerr, Doris Hales and others.

Quong Wing, a Chinese character who has resided in Blaimore for upwards of twenty-five years, and who was familiarly known as "Crazy Joe," was found dead in his shack near State Street yesterday at noon. Wing had been suffering from a throat affection for a considerable time, and is believed to have collapsed following a dose of herbal medicine.

A. E. Hartley, of Medicine Hat, past grand chancellor and grand representative of the Alberta Knights of Pythias, arrived in Blaimore Sunday night, in company with Ira Clark, the assistant supreme keeper of records and seals, of Minneapolis. After meeting with quite a number of K.P. members throughout the district, Mr. Hartley returned home to the "Hat" on Tuesday evening.

The unemployed, on parade in Drumheller, were inspected when 1000 lined up by George Moore, recently elected president of the Unemployed Central Council, to make sure that there were no red flags being carried, for Mr. Moore, himself an ex-service man who has seen a great deal of active service in the front-line trenches, would not permit the flying of the Communistic ensign in any parade of which he had charge.

A concert was staged in the Columbus hall recently, purported to benefit the unemployed. We have been told that Harvey Murphy was displeased because some of the printing for that concert was had from the office of The Enterprise. We wish the public to understand that our donation to that unemployed concert was far greater than Harvey Murphy's, namely \$5.00. We gave them that amount of printing free of charge.

Ratepayers of the town of Blaimore are not receiving proper legal notice of actions taken by the town council against them. A case in point: The council announced at a meeting that 105 householders or persons in the town were subjected to a penalty of \$5.00 for not having cleaned up their premises as required under a certain order purported to have been published. At least fifty per cent of the people of the town had never seen a notice in such regard. Then, next, the silliest of all—they must pay the fine of \$5.00 before they are ever prosecuted. Residents of the town are in a quandary to know as to who are included in the list of those claimed to have ignored the clean-up order, and the only way they can find out is probably to ask at the town office, which they have absolutely no right to do. There are several legal channels provided to ensure justice, but it appears the Blaimore aggregation cares little for anything legal.

A local citizen was fined \$5.00 and costs for not treating Bill Knight as he should have been treated.

Dr. R. K. Lillie has purchased a new Ford V-8 through the agency of the Red Trail Motors.

The Union Jack was flown over the Blaimore school grounds on Victoria Day.

Mr. and Mrs. Fred Paul are rejoicing over the advent of a baby boy, born Monday.

Ira Clarke, in his address at Hillcrest last night, very strongly denounced Communism.

Mrs. E. Russell was down from Calgary during the week, on a visit to her mother, Mrs. Gibeau.

A number of Blaimore folks are reported to have been in Michel, or Natal, when Sam Patterson was given a "send-off."

Mr. and Mrs. W. ("Bill") Harrison, Mrs. Joseph Handley, of Creston, and Mrs. Bartlett, were motor visitors to Pincher Creek on Tuesday.

J. E. Gillis, of Blaimore, and Fred Kenny, of Calgary, have been elected delegates to the supreme convention of the Knights of Columbus, to be held in Detroit in August.

Announcement is made that a sum of around \$1700 lies in the Royal Bank at Sixsmith to the credit of Fred Hanley, formerly of Blaimore and now believed deceased. It has been there since 1928.

Jerome Platt, of Brant, who performed so remarkably well in the Pinkney marathon in Blaimore last year, won the five-mile goal at Cardston on Victoria Day against four others. His time was 28 minutes and 58 seconds. Dorothy Costick of Bellevue, did the 60-yard dash in 7.55 seconds. Pratt is now holder of the Lethbridge Herald cup. Jimmy Patterson, of Blaimore, came second in the junior race.

A garbage can, claimed to have been recommended by the council for purchase and use by householders, has been on display in the window of A. Morency's tinshop. A number of people viewing this receptacle are of the opinion that it is far too large and that less than a dozen of its size would be sufficient to contain the garbage accumulation of the whole town for a week, particularly in the summer season. We know of a town where a garbage collection and disposal system has been in vogue for years, and the receptacles used were of not more than ten-gallon capacity. If any householder has a weekly accumulation sufficient to fill the can proposed by the council, there surely is something wrong somewhere.

**NOTICE TO CREDITORS AND CLAIMANTS**

NOTICE IS HEREBY GIVEN that all persons having claims upon the Estate of George William Ernest Skelding, late of Bellevue, in the province of Alberta, who died on the 27th day of February, A.D. 1934, are required to file with the Executor, John Brooks, of Bellevue, in the province of Alberta, on or before the 1st day of July, A.D. 1934, a full statement, duly verified, of their claims, or of any security held by them, and after that date, the Executor will distribute the assets of the deceased among the parties entitled thereto, having regard only to the claims of which notice has been so filed or which have been brought to his knowledge.

Dated at Lethbridge, in the Province of Alberta, this 28th day of May, A.D. 1934.

**VILLAGE OF FRANK**

Notice is hereby given that, under the provisions of The Tax Recovery Act, 1929, the Village of Frank will offer for sale, by public auction, at the School House, in Frank, on Saturday, June 16, 1934, at 2 o'clock in the afternoon, the following lands:

Lots	Block	Plan
1, 2 and 3	26	36611
4 and 5	27	"
6 and 7	28	"
8 and 9	30	"

Each parcel will be offered for sale, subject to a reserve bid, and subject to the reservations contained in the existing certificates of title. Redemption may be effected by payment of the full amount of arrears of taxes and costs at any time prior to the sale. Terms, cash. Dated at Frank, Alberta, this 23rd day of April, 1934.  
WM. R. DRAKE,  
Secretary-Treasurer.
